Data is Information. Information that we collect, organise and analyse to look for patterns ... and that it what makes it into MATHS!

Your challenge is to collect data for A WHOLE WEEK and present it in any way you like.

Some ideas:

- Everything you eat
- The weather
- How much time the family spends on their mobiles / computers
- What TV you watch
- Any exercise you take

You could take photos, draw pictures, write lists, create graphs

Have Fun!
